Subject: Tentative Approval to Commence Large Mining Operations, Geneva Rock Products, Pelican Point Mine, M/049/0011, Utah County, Utah

Dear Mr. Edwards:

The Division has reviewed the most recent version of the revised Notice of Intention to Commence Large Mining Operations for the Pelican Point quarry. The Division is now prepared to tentatively approve this Notice.

The notice of tentative approval will be published in the appropriate Salt Lake City and Utah county newspapers (copy attached). This will begin a 30-day public comment period. The Division will also notify the Resource Development Coordinating Committee (RDCC). If no substantive comments are received during the public comment period, the Division will then issue its final approval for this project. Changes to the Notice may be needed if substantive comments are received.

Prior to issuing final approval, we require that you provide us with:

1. Two copies of the complete and corrected plan. When final approval is issued, one copy will be stamped "approved" and returned to you for your records.
2. A Reclamation Contract (Form MR-RC) and reclamation surety in the amount of \$1,092,000.00. Please contact Penny Berry at 801-538-5291 or by e mail at [bondcoordinator@utah.gov](mailto:bondcoordinator@utah.gov) to obtain the appropriate bond and reclamation contract forms.
3. If available, an electronic copy of the mine disturbed area in the original AutoCad, shape, or other file format. Please include the projection and datum information with this file. Contact [danielsmith@utah.gov](mailto:danielsmith@utah.gov), 801-538-5292 for further information or questions.
